About Time to Wine Rotermanni

Time to Wine Rotermanni seamlessly blends the charm of a wine shop with the convivial atmosphere of a wine bar. Our carefully curated selection features wines from around the globe — from renowned classics to low-intervention wines, rare gems, and intriguing finds from lesser-known regions and grape varieties.

We import over 60% of our assortment directly, which gives us the flexibility to shape a unique, ever-evolving wine list and maintain a fair and dynamic pricing strategy.

Our innovative wine dispensers offer a rotating selection of wines by the glass, served in three different quantities. This tasting-friendly format allows guests to explore, compare, and continually deepen their wine knowledge with every visit.

In addition, we offer an ever-changing selection of Champagnes, sparkling wines, and sweet or fortified wines — all available for tasting, either open or via Coravin, to ensure peak freshness and quality.

Every wine on our list is available for take-away or can be enjoyed on-site with snacks designed to complement the flavors. A service fee of €15 applies to any bottle consumed in the wine bar.

Come and immerse yourself in the world of wine at Time to Wine Rotermanni — where every visit promises a new discovery.
